

Fact Sheets for Selected Financial Schemes

Introduction

PV Financing Project

Deliverable 3.2

This project has received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement No 646554

Introduction

The “Fact-Sheets for Selected Financial Schemes” describes in a summarized manner the key characteristics of the suitable financial schemes in the application segments and set them in context with the business models identified in WP2¹. The application segments include: the residential sector (single and multi-family houses, rented or owned); the commercial sector (shopping malls, large office buildings); the public (educational buildings) as well as the industrial sector (industrial parks) in the 7 national implementation countries: Austria, France, Germany, Great Britain, Italy, Spain and Turkey.

The financial schemes described include:

- Loan (including Portfolio Financing and On Balance Sheet Financing)
- Crowdfunding
- Self-funding
- Leasing
- Energy Cooperatives / Green Cooperatives
- Green Bonds

¹ For more information regarding the „Business Models“ see: <http://www.pv-financing.eu/project-results/>
